Trustees of Trust Funds.

REPORT OF FOREST FIRE WARDEN—1940

The Community has had this year an unusual number of forest fires due to the hurricane and consequent increased lumber operations, and we feel that the danger for the coming season will be even greater and that we should exercise the greatest care possible in burning, and in the prevention and removal of all unnecessary fire hazards. In this connection, I want to express the importance of obtaining permits for necessary burning and also to emphasize the provisions of the law relative to personal liability for damage caused by widespread burning.

In cooperation with the Forestry Department, we have secured a quantity of equipment for fire fighting. This, together with the Fire Department equipment, is stored at the Fire House and always ready for immediate use. Below is a list of equipment and an additional list recommended to bring our Forest Fire equipment up to minimum requirements. As these tools can be purchased from the State on a 50-50 basis, it is recommended that the Town raise the required funds for tool purchases.

I want to express appreciation for the cooperation of Town Officials, Firemen, Deputy Wardens, Citizens and the crews of the Federal Forest Service, in the control of fires and urge the continuation of this aid in keeping the fire damage and consequent expense at the lowest possible amount for the coming year.

ALSON F. FOSTER,
Fire Warden.

**Supplement to the Report of the Forest Fire Warden,
Town of Hill, 1940**

SUPERINTENDENT'S REPORT

The school rooms in the Hill schools have been full to capacity this past year, owing largely to the influx of children from families connected with the "Flood Control Dam Project." These children have been an unstable factor as today they were here, tomorrow gone.

The total number in the schools, has, however, been about the same at all times.

Under existing conditions, it will be difficult for the School Board to estimate the school expenses for next year. How many pupils will there be? How many to be transported? How much money for tuition? What will be the cost of maintenance of the new building? These are uncertain factors in cost of maintaining the schools next year. The cost may be more or less than this year. The public should be lenient with the Board, if they err in their estimates.

There is every reason to expect that the schools of Hill, under the new conditions, will be as efficient as ever and in many respects more so.

It will be as interesting to watch the development of the new school, as to watch that of the new village itself.

It may be interesting to note the following financial facts at this time of transition, if for no other reason than for comparison a year from now. The per pupil cost of the schools of Hill for the year closing June 30, 1940 was \$70.24 not including tuition paid for the Elementary pupils attending school elsewhere than in Hill.

The current cost of education in Hill for 1939-40 was \$9.22 per \$1,000.00 of equalized valuation. In other words, for every dollar of equalized valuation nine cents was spent for schools.

Nine graduated from the 7th grade last June and are taking their 8th grade work in Franklin this year.

The Hill pupils attending Franklin Junior High and High Schools this present year are:

Pupil	Grade
Jean Foster	12
Richard Southworth	12
Frances Braley	11
Marjorie Wilson	11
William Crosby	11
Clinton Wheeler	11
Edwin Cilley	10
Herbert Woodward	10
Marion Woodward	9
Carlene Jones	9
Eleanor Gray	9
Clifford Wheeler	9
Clayton Andrews	9
Harry Beckford	9
William Beckford	9
William Southworth	8
Kenneth Abbott	8
Hilda Clark	8
Blanche Day	8
Glendon Eaton	8
Ralph Day	8
Evelyn Hill	8
Jean Liden	8
Madeline Clark	8

I have all confidence that the Hill schools will continue their helpfulness to the children of Hill under the new conditions as they always have in the past, if they receive the same splendid co-operation from the parents.

Respectfully submitted,

FRED S. LIBBEY,
Superintendent of Schools.

Hill, N. H., Feb. 7, 1941.
